About Me

Computer Science graduate with practical experience in software development, banking technology, and research. Skilled in Java, Spring Boot, and Python, with interests in cybersecurity, networking, and fintech. A quick learner seeking opportunities to contribute and grow in banking, finance, or IT.

Experience

Software Development Intern **Jul 2026 – Oct 2026**
Islami Bank Bangladesh PLC (through ICTwings), Motijheel, Dhaka

- Worked with the IT team in a live banking environment for three months.
- Learned and worked with Java, Spring Boot, software development, and software testing.
- Helped build internal project modules and supported the testing team.
- Got real exposure to banking technology, application flow, and professional development practices.

Co-Founder and Software Team Lead **Aug 2025 – Jul 2026**
Nexavira IT, Dhaka

- Started a software company with a small team and led the technical side for about five months.
- Handled development work, talked with clients, coordinated projects, and maintained the systems.
- Helped plan projects and turn client requirements into working technical solutions.

Research Assistant **Apr 2023 – Dec 2024**
Daffodil International University, Savar, Dhaka

- Worked on image detection and classification using Python and computer vision.
- Used YOLOv12, CNN, RNN, and ViT models, mainly for plant leaf disease detection.
- Helped with data collection, analysis, experiments, and writing research papers.

Founder and Owner **Dec 2024 – Sep 2026**
SUPORIMA – Online Traditional Clothing Brand, Dhaka

- Started and run an online clothing brand. I look after design, sales, suppliers, and promotion.
- Learned how to handle customers, money, and day-to-day business operations.

Education

Bachelor of Science in Computer Science and Engineering **2025**
Daffodil International University CGPA: 3.23/4.00

Higher Secondary Certificate (HSC), Science **2019**
Abdul Kadir Mollah City College GPA: 4.67/5.00

Secondary School Certificate (SSC), Science **2017**
Brahmondi K.K.M. Government High School GPA: 4.86/5.00

Projects

Islami Bank PLC Share Banking Management System (IBSBMS)

- Built a web-based share management application for Islami Bank Bangladesh PLC using Spring Boot and Oracle Database.

- Added shareholder management, folio transfers, DEMAT/REMAT operations, dividend processing, and share certificate management.
- Connected CDBL functionality with a Maker-Checker-Approver workflow and full audit trail for secure operations.

Documentation: View Project Documentation

IBBL PLC Account Management System

- Built a banking web app with Java, Spring Boot, Spring Data JPA, Hibernate, Thymeleaf, Bootstrap, and Maven.
- Added customer onboarding, account opening, validation, search, pagination, a dashboard, and global exception handling.

Technical Skills

Programming Languages: Java, Python, SQL
Frameworks and Technologies: Spring Boot, Spring Data JPA, Hibernate, Thymeleaf, Bootstrap, Maven
Databases: MySQL, Oracle Database, SQL
Software Development: OOP, Backend Development, REST API, Software Testing, SDLC
Development Tools: Git, GitHub, IntelliJ IDEA, Visual Studio Code
Cybersecurity (Basic): Network Security Concepts, Basic Ethical Hacking, Security Awareness, Linux Fundamentals
Banking and Fintech: Core Banking Concepts, Digital Banking, Payment Systems, Financial Software
Professional Skills: Problem Solving, Analytical Thinking, Research, Documentation, Project Coordination, Teamwork, Communication, Time Management, Adaptability, Quick Learning

Training and Certifications

Java and Spring Boot Internship — Islami Bank Bangladesh PLC (2026, 3 months)
Volunteer Leadership Workshop — Daffodil International University (2023, 2 weeks)
Robotics — Daffodil International University (2022)
Additional Training: Robotics er Hate Khori (2022); Unlock Algorithm (2022)

Leadership and Extracurricular Activities

- Took part in university club activities, robotics competitions, workshops, and innovation-based projects.
- Helped plan and run events through the Voluntary Service Club at Daffodil International University.
- Served as Anime Club Manager, helping with student engagement and creative events.
- Joined robotics and automation activities involving mechanical structures, programming, and teamwork.

Languages

Bangla (Native) | English (Professional) | Hindi (Basic)
